### Q2: Guaranteed to be kind to skin

Hitex® Manufaktur Rohleder, a global technology and design leader in the sphere of interior textiles, helps **black label** upholstered furniture to be “dressed” in the best materials. The fabrics belissima, belmondo and indigo – Q2 – represent discerning design and quality assurance. Q2 fabrics have been medically tested by the “Förderungsgemeinschaft körpervertägliche Textilien e.V.” and categorised as “kind to skin, with no chemical finishes”. Comprehensive protection with 5-year warranty. Q2 is a Hitex fabric that comes in an unimaginable variety of colours and patterns for sophisticated living-space standards. The flat woven fabric – the prototype of the weaving technique – allows any room to be designed creatively, because unlimited patterns and a variety of colours make it possible to fulfil nearly every individual wish. Made from selected, high-quality materials, Q2 provides a very pleasant seating climate and a pleasantly dry feel.

### 5-year-warranty

We provide a 5-year manufacturer warranty on all of the performance and care characteristics of this cover fabric for use in all private living areas:

- the extreme durability and resilience of the fabric
- its colour-fastness
- the extreme ease of maintenance, which means that all stains (except for dyeing by textiles and stains caused by solvent-resistant pens) can be removed from Q2
- All information is in accordance with the provisions of RAL 430.

More details on the warranty statement can be found on the manufacturer warranty certificate, which you are welcome to request from the firm Rohleder. Please make sure that you read our extensive product information and instructions for use, cleaning and care. We would like you to enjoy our high quality, fabric-upholstered furniture for a long time. Damages that are caused by incorrect treatment, especially the use of the wrong care products will invalidate any warranty. This also applies to subsequent stain protection treatment of fabrics using products from other manufacturers and also extends to private living spaces.
